MEMO ENDORSED

Prose, Officer

It has been brought to my attention that this present suit is the outgrowth of a suit I brought against all the Town of Wallkill town officers about 18 years ago. Whereas Police and building officers were following Antonino Crivello Russo around town, speaking against me to my customers and harrasing me. I had to have escorts to avoid the possibility of a confrontation I did not prevail in this first suit and that's why I believe the town of Wallkill Officers waited untill now to start again, this time expecting to sucessfully kill me. Please add this to my file.
